25X1 1. [REDACTED] INTELLIGENCE BRIEFING At [REDACTED]

request, I got on the line with Mike Finley on the staff of Representative Dante B. Fascell's (D., Fla.) Subcommittee on International Political and Military Affairs, House Committee on International Relations. I reviewed with him our proposed response to Comptroller Elmer B. Staats which he thought was adequate. He stated that the Subcommittee still wants all of the information requested in the Staats letter and said he would write us a new letter if we so desired. I stated that was not necessary, that we could just use Staats' letter as if it came from the Subcommittee. Finley said the Subcommittee would like to avoid a formal briefing if possible and in lieu thereof would like all CIA documents in classified form. He stated that the Subcommittee had come to some tentative conclusions as has GAO and that the Subcommittee wants CIA documents just to be sure there are no skeletons hanging around. In providing documents, Finley also wants to know how they can handle the information once they have received it. I told him we would review the matter with the necessary authorities including the NSC and get back to him.
